

FOCUSED

ON WHAT MATTERS MOST

Keep your projects moving forward with Birmingham Fastener's fully integrated manufacturing and distribution services.

MAXIMIZE UPTIME

Boost productivity with extensive quality inventory and a seamless ordering process.

- American-made, high-performance fasteners and accessories
- 300,000-square-foot manufacturing facility
- Specialized sourcing for hard-to-find products
- Regular order updates from a central point of contact

REDUCE LEAD TIMES

Tap into coast-to-coast access with a vast partner network for quality products on schedule.

- More than a dozen distribution centers in the U.S. and Mexico
- Over 1,000,000 square feet of warehouse space
- Highest volume nuts and bolts distribution center in the U.S.
- Largest distributor of A325 and A490 structural bolts in the U.S.

STREAMLINE VENDOR MANAGEMENT

Optimize your supply chain and reduce costs with Birmingham Fastener Managed Inventory (BFMI).

- Value stream site mapping
- Custom portal data reporting
- Just-in-time delivery
- 100% on-site project management

SOLVE ANY FASTENER CHALLENGE

Ensure consistent, quality production with engineering expertise and fasteners designed to spec.

- Advanced design and manufacturing capabilities
- Specialized product development
- Daily in-house testing
- In-depth knowledge for a range of critical industries

GET A GRIP ON YOUR NEXT PROJECT

Make buying fasteners easy and focus on getting the job done. Work with a one-stop partner that delivers it all.
